VISIT-3

ACTIVITY –FOOD DRIVE

This time we visited the ANVT and nearby areas where a lot of deprived can be found from the nearby areas who visit on daily basis in search of work, shelter and food.

It was again birthday of one of our active member and may be that's the big blessings we got from the one's who seemed happy when we greeted them with biscuits and bananas.

A woman with her 3-4 kids was found in front of ANVT terminal they seemed hungry so we reached and provided them with bananas and biscuits. Kids seemed to be excited seeing the biscuits.

Well.. this man, I don't know why but I find him to be amazing.. yup.. amazing !!
We saw we reached to him greeted with the things we had and he just smiled 😊

Again a temporarily disabled person near the ANVT foot over bridge.. we greeted him and asked if he is able to do something so as to earn a honest and happy living.. and if somehow we can help him. But, in a short talk we were unable to find something relevant.
