### FIELD REPORT

2<sup>nd</sup> APRIL 2018

VISIT-5

ACTIVITY –FOOD DRIVE &CHHADAR DISTRIBUTION

This time it was in Gr. Noida.. a place near the newly constructed metro station near Pari Chowk. We found only kids and few women in care of them. Most of the men and women went on construction site for work. We distributed eatables to them and talked a little where we found they are facing severe water scarcity. So, we provided them a pipe which connected them directly with construction site where water was available.

A click with the new members of Gr. Noida region and kids.

Excited faces on getting eatable of their choice and a little meal for the day.

Happy faces we saw and clicked.
