ACTIVITY –FOOD DRIVE & CHADDAR DISTRIBUTION

This time we had coverlets and bedsheets (chadar) too in addition to food. We had a limited quantity of coverlets so we tried to find the people in actual need and gave it to them. Here are is a short glimpse..

This man was found at the foot overbridge, we offered him all we had but the fact was we tried to talk to him and he didn't even spoke a word neither some emotions 😞

This man is amazing with his musical instrument.. when we reached he played a Desh Bhakti song for us. After offering the food and all we asked him to play that again and was again awesome.

This lady was in need of money she went negotiating with us for money.. and we gave her few hundred of bucks and that was all we could afford at that moment.
