FIELD REPORT

8th APRIL 2018

VISIT-6

ACTIVITY –CLOTHES DISTRIBUTION

This time we collected a good amount of used clothes from our members and tried our best to make it reach the ones in real need. We went for areas near NDLS Railway station in a hope to find the people we couldn't find someone really deserving these clothes and our hardwork. We kept on walking and walking and finally we found the people.

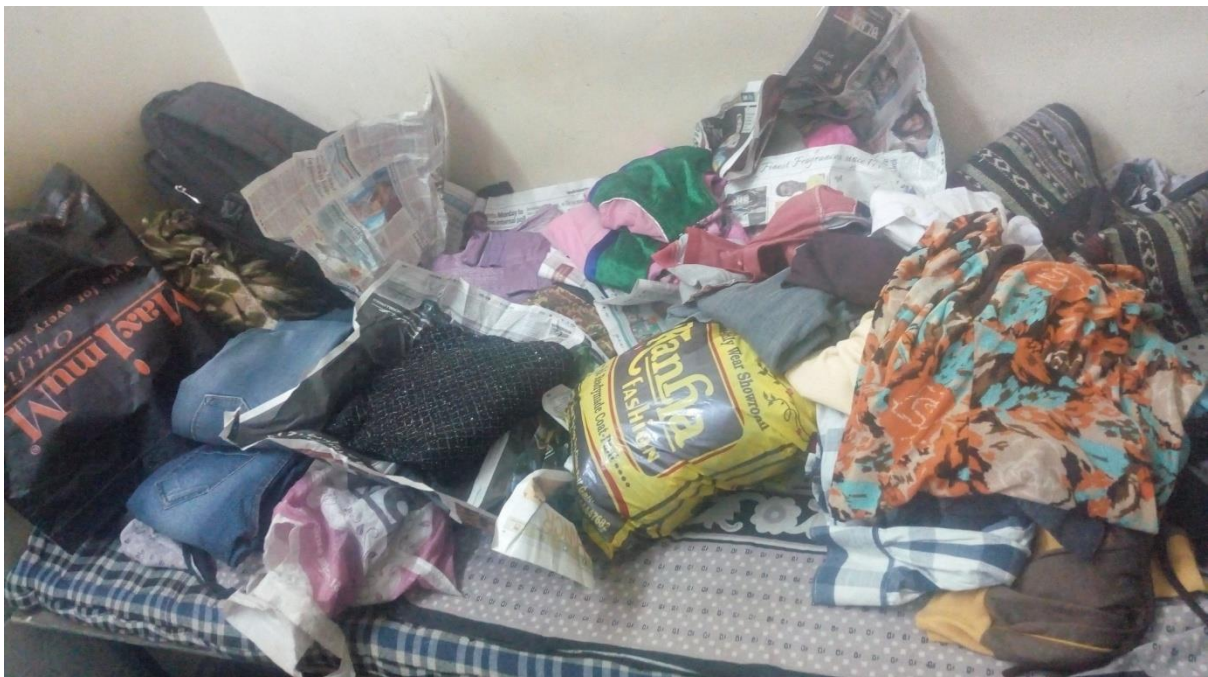

FIG 6.1

A click of all the clothes we had collected for this drive at our hostel room in Inderprastha Engineering College.

FIG 6.2

This was nice. We helped the little baby get some clothes and food. Her mother was sitting with her kid in the walkway of a Metro station in search of help.

FIG 6.3

This man is hard working, he is disabled and still tries his best for a living. We talked him a little and offered him a set of clothes which he accepted happily. In fact our members themselves made him wear as a honour to him.
